About Us

Kingdom Risk Consulting Africa Ltd is a fully fledged private investigations firm specializing in Private Investigations, Brand protection, Anti - counterfeiting and Risk management solutions. It was founded and incorporated in Kenya under the Companies Act 2015. We are based in Nairobi, Kenya with operations across East Africa, Central Africa and Francophone countries.

Since the inception of the company we have offered pre-contract and post-contract services to clients cutting across all industrial, economic and social backgrounds and have continued to grow serving individual and corporate clients which include top corporations, educational institutions, government agencies and non-governmental organizations.

We provide strategic advice based on highest-quality research, linking brand owners with their targets and investors with their risk return trade-offs. We work with leading organizations across the private, public and social sectors (non-governmental agencies, SMEs, hotels, financial institutions, agriculture focused, environment focused, construction, water, and manufacturing enterprises)

Kingdom Risk Consulting is anchored by six key distinctive qualities:

1. A focus on client service, communication and responsiveness
2. Honest, practical and technically astute advice
3. A strong focus on delivering efficient, reliable and timely service
4. Adopting best business practices and ethics that enhance integrity
5. High quality documentation

“Our strength lies in humility, vast experience, team work, thorough brainstorming and meticulous execution of our programs.

Our key professionals attach immense premium to professionalism, value-added solutions, timeliness, and ethics.”

Mission

“To provide reliable, efficient and effective professional services in the fields of Private Investigations, Brand Protection, Anti-counterfeiting and Risk Management with adherence to ethics.”

Vision

To be the provider of choice in Private Investigations, Brand protection, Anti - counterfeiting and Risk management solutions earning recognition for high ethical standards, values, professionalism, and personalised high-quality services.

Core Values

1. Teamwork: We carry out our duties as a team to ensure brainstorming and efficient output. This not only applies to our business team but also to our clients and suppliers. We highly involve our clients during service provision to guarantee client satisfaction.

2. Accountability: We strive towards providing our services with professional responsibility and we understand that your time is of great value to us. We carry out services within your timelines.

3. Professionalism: With our experience and training we ensure top notch service delivery. Our team has the professional capability and competence to ensure you get value for your money.

Key Success Factors

In order to ensure focus and clarity in everything we do, we have four crucial success factors: quality, business development, brand, and people. All activities within Kingdom Risk Consulting serve the development of at least one of these KSFs. This way we ensure that we always remain focused on working towards our vision.

- 🔗 **Quality** - “Quality is the absolute cornerstone for Kingdom Risk Consulting.”
- 🔗 **Business Development** - “It is vital to strengthen our client base.”
- 🔗 **People** - “High quality professionals attract high quality clients.”
- 🔗 **Brand/profile** - “A strong, regionally recognised brand is critical to our success.”

Our Solutions

We provide the following array of services as shown below;

We provide a personalized service that leaves the client with a personal touch that complements our quality. We also place high value in client timelines ensuring efficient utilization of time in service delivery. We are also compliant with the necessary legal and operational regulations hence ensuring authenticity in our business.

[Private Investigations](#)

We use the best breed of technologies to ensure that we offer world class results. Our service offering extends from on site acquisition and imaging to data analysis and data mining all within a chain of custody at international standard. We detect the counterfeit goods in the market and then we trace the entire chain in the supply of such goods. We cover due diligence, background checks, fraud investigations, surveillance, commercial investigations, general investigations, undercover investigations.

[Brand Protection](#)

Our brand protection experts develop tailor-made and confidential programs to help you protect your brands. Through this we help you combat diversion, lack of traceability and production of counterfeits. Our brand protection professionals help you the brand owner to gather the evidence required to produce prosecution packages for civil and criminal proceedings.

[Anti-counterfeiting](#)

We work with law enforcement in various jurisdictions, customs authorities, prosecutors, investigators and local regulatory authorities to protect your brand. Our legal team offers proactive initiatives to help inhibit counterfeiting and, in the event it does occur, discover the problem quickly. The team offers advice to you on best practices and strategic risk reduction measures for counterfeiting prevention.

[Risk Management](#)

Our experts facilitate you the client to decide whether to accept, alleviate or transfer the identified risks. Risk Management allows organizations to improve the quality of project management practices and governance from the decision to invest to final delivery of project results. Risk management encourages discussion between all stakeholders and sponsors and supports genuine methods, plans, and project estimates.
